

TAMARA NAGRODSKI

Tamara Nagrodski RN, BSN, MHA, MJ has been a nurse for over 35 years and in a healthcare regulatory role for more than 15 years.

Areas of experience include Compliance Officer for Ambulatory Care Settings such as Physician Clinics, Urgent Care, Ambulatory Surgery Centers (ASC's), Physician Owned Laboratories (POL), Accountable Care Associations (ACO's), Due Diligence for new acquisitions. Provided leadership with COVID 19 Public Health Emergency (PHE) Waivers and regulatory change guidance both during and post public health emergency expiration planning.

Administrative roles in Acute Hospital systems such as case management and utilization management, Physician Advisory start up and management, mobile clinics, telemedicine, home care, hospice, case management and utilization review.

Worked under Corporate Associate General for billing compliance to new and existing billing requirements for an acute hospital, physician practice, radiology, oncology, laboratory billing, mental health, and clinical research.

Also worked in Revenue Cycle Operations – Denial Defense, HIPAA, Hospital Liens

Ms. Nagrodski has worked in some of our nation's most prestigious health care system located in Washington, Illinois, Indiana, California, Arizona, and Texas.

Areas of strength derived in years of working alongside the nation's best medical and clinical healthcare professionals. Strong understanding of the different roles in all areas of healthcare operations and the applicability of day-to-day practice.

This experience has broadened her scope and depth in operational and managerial experience in the most utilized areas of the health care system. However, the role that changed her trajectory in her career path and sought to obtain additional education in healthcare regulatory and policy occurred during a newly created role in Claims Denial and Defense. It was at this time Ms. Nagrodski completed her second master's degree, in Jurisprudence with a specialty in Health Care law.

Ms. Nagrodski holds two master's degrees: Jurisprudence with Healthcare Specialty and Health Administration. She also has a bachelor's degree in science of nursing (BSN) and is a Diploma RN.

This journey has led her to her "dream job" working for a firm that is passionate about the work they do, to support acute hospital systems, providers, and other healthcare facility types in the defense against denied claims. She now manages the Clinical Review team for the Law Offices of Stephenson, Acquisti, Colman.
